ABOUT RILEY FRIENDSGIVING

Riley Friendsgiving is an annual community experience hosted by Yesli and Alexis Riley, bringing families, friends, and neighbors together through food, fellowship, fun, and generosity.

Each year, guests gather to create lasting memories while supporting an organization making a meaningful difference in the community. More than an event, Riley Friendsgiving has become a tradition that families look forward to year after year.

The evening is designed to inspire connection, celebrate community, and create opportunities for meaningful impact through charitable giving.

Riley Friendsgiving is made possible through the generosity of local businesses, community supporters, friends, and families who believe in creating memorable experiences while making a meaningful impact. Whether you are representing a business or simply investing in a cause you care about, your partnership helps make this event possible.

2026 BENEFICIARY| A HEART 4 PEOPLE

This year's beneficiary is A Heart 4 People, an organization committed to strengthening communities through food access, family support, volunteer engagement, and sustainable solutions that help families thrive. Support from Riley Friendsgiving will also help fund needed farm repairs and the purchase of essential equipment and supplies that enable the continued growth and distribution of fresh food to the community.

Through community partnerships, volunteer engagement, and practical support, A Heart 4 People works to create lasting solutions that empower families and strengthen neighborhoods.

Your partnership helps create an unforgettable experience while supporting a meaningful cause.
